For the attention of: Mr David Fitzimon/Mr Mike Simmons

Dear David and Mike,

SCOPING REQUEST – EGNEDOL DEVELOPMENT AT WATERSTON AND BLACKBRIDGE

Thank you for our recent meeting where we discussed the Egnedol development at Blackbridge and Waterston.

Further to our meeting, we have now completed the scoping report for the development which we attach.

Egnedol wishes to apply for a 49.9MW Power Facility and Eco Park which will be determined under the Town and Country Planning Regulations. We would be grateful if you could provide a scoping opinion as soon as is practically possible.

A copy of the report has also been sent to Louise Edwards at Natural Resources Wales. We have had pre-application discussions with Louise who is the Senior Development Planning Advisor that will be dealing the application on their side.

If you require anything further, please do not hesitate to get in touch. We look forward to receiving your comments.

Yours sincerely,

D Simons
Environmental Scientist
